SUBJECT: **2023-24 Cal Grant Roster Opening and School Change Process**

This Operations Memo from the California Student Aid Commission (Commission) announces the opening of the 2023-24 Cal Grant rosters and the capability for institutions to process school changes for their Cal Grant eligible students.

- New High School Entitlement awardees received a Cal Grant preliminary award letter, encouraging them to create a WebGrants 4 Students (WG4S) account at mygrantinfo.csac.ca.gov and confirm their school of attendance for the 2023-24 academic year.
- Institutions may process school changes for Cal Grant eligible students who have submitted their intent to register at their campus by:
 - Submitting School Change Upload files into WebGrants
 - Performing individual school changes directly on the WebGrants Display Roster
- 2023-24 School Change Upload files will be processed weekly.
- Institutions are encouraged to use the Award Status Extract (ASE) process to identify their Cal Grant students. The ASE process runs on a weekly basis and allows institutions to have more accurate Cal Grant rosters. The ASE procedure and file specifications can be found under the “Help” Menu in WebGrants.

WebGrants Display Roster

The Eligible section of the WebGrants Display Roster will populate with Cal Grant awardees who have confirmed their school of attendance in WG4S and as institutions submit school changes on behalf of their students.
