

OPERATIONS MEMO

Update from the California Student Aid Commission

STATE OF
CALIFORNIA

June 24, 2021

GOM 2021-19

TO: High School Counselors

FROM: Tae Kang *Tae Kang*
Deputy Director, Program Administration & Services Division

SUBJECT: **Opening of 2022-23 Cal Grant GPA Electronic Submission**

This Operations Memo from the California Student Aid Commission (Commission) announces the opening of the 2022-23 Electronic Grade Point Average (GPA) submission window.

GPA's for the class of 2022 can be electronically submitted beginning today, **June 24, 2021**, and no later than October 1, 2021, as specified under [Education Code 69432.9 \(c\)\(2\)](#), unless the student has opted-out per [Education Code 69432.9 \(d\)\(1\)\(2\)](#). Please refer to [GOM 2020-34](#) for additional information on the Opt-Out provision.

- The Commission launched the new WebGrants for Institutions site on May 10, 2021. Please see [GSA 2021-16](#) for more information about the new website and first-time login instructions. Verify when your WebGrants access is set to expire and renew if needed. Please visit our WebGrants Access Request [webpage](#) for more information, including access forms.
- Online webinar trainings on the GPA upload process will be available throughout the next few months. To register for a live webinar, please visit our Upcoming Webinars [webpage](#).
- Students who are enrolled in summer school should not have their GPA's uploaded until **after** summer school grades have been posted, as these grades should be included in the GPA calculation.
- High schools are **no longer** able to submit GPA's with Social Security Numbers and must use the "Non-SSN GPA" method. Refer to [GSA 2018-23](#) for more information.
- For additional GPA submission information, including GPA calculation instructions, GPA Opt-Out forms and GPA upload tools, please visit our [GPA Tools webpage](#).

Keep in mind that high school students have a 2-year window to qualify for a High School Entitlement Cal Grant – as seniors and 1 year after graduation. Therefore, it is a best practice to also submit GPA's for your 2021 graduates, given that some students would benefit from having their GPA's recalculated using grades earned during senior year.
