The workshops are offered through Zoom live webinars and are available to high school counselors, advisors, student advocacy groups, outreach specialists and community education partners. We will provide an update if in-person workshops become available.

Training for the General Public

Cash for College Workshops for Students and Parents: The 2022-23 Free Application for Federal Student Aid (FAFSA) and California Dream Act Application (CADAA) are open now! To receive consideration for all applicable grant programs, students must complete the application by March 2, 2022. Given the decline in college enrollment as a result of COVID-19, it is crucial that students have access to financial aid resources. The Commission is hosting English and English/Spanish bilingual statewide Cash for College workshops to assist students and families with completing the FAFSA or CADAA, and Chafee Grant for Foster Youth applications.

Train the Trainer Workshops for Cash for College Hosts: The Commission is partnering with the Community College Chancellor's Office to offer "Train- the-Trainer" workshops to increase the number of community-based organizations conducting Cash for College workshops across the state. These sessions are designed to give campus financial aid personnel and community partner hosts all the tools they need to host their own Cash for College workshops.
