

Save the Date for May and June Cash for College Scholarship Ceremonies

Each year, Cash for College regional coalitions hold scholarship ceremonies to recognize recipients of Cash for College and other local scholarship programs. We have received information from some of our regions about dates and times for these events and will forward invitations for events in your region once we have them in hand.

We invite you to attend the events to support student recipients and their families. These events also recognize the efforts of the coalitions that do the amazing work of helping students apply for a Cal Grant and other financial aid. This year's events also present a special opportunity for Commissioners as the Cash for College scholarship is funded by ECMC in partnership with the Commission.

Save the Dates:
