

CALIFORNIA STUDENT AID COMMISSION

Office of the Executive Director

April 7, 2006

FINDING FOR THE SPECIAL MEETING

A Teleconference Special Meeting of the California Student Aid Commission (CSAC) met on Friday, April 7, 2006, from 9:00 a.m. – 11:00 a.m.

Pursuant to Government Code Section 11125.4(c), the California Student Aid Commission in its meeting on April 7, 2006 unanimously approved the following finding:

The State Auditor provided the California Student Aid Commission with a copy of its confidential draft report on Monday April 3, 2006. The Commission wishes to meet to discuss its response to the draft report pursuant to Government Code Sections 11125.4(a)(8) and 11126.2. The Commission was originally required to provide its response to the draft report by Friday April 7, 2006. That response is now due Monday April 10, 2006 at 5 p.m. The Commission hereby finds that the delay necessitated by providing notice 10 days, as required by Section 11125, prior to a meeting to discuss the response to the draft report would cause a substantial hardship to the Commission because it would preclude the Commission from discussing the response prior to its due date. A special meeting is necessary to allow the Commission to discuss its response to the draft report before that required due date.
