The meeting was to provide a status of the changes that Helen Yang (CSAC Programmer for Roster) made for the Roster Data File and WebGrants Roster. The status of the changes to the GPA Batch Reports was also discussed.

We discussed the status of the following defects/enhancements we discussed in previous meetings and the attachment is a sample of the GPA Upload batch reports. The following defects/enhancements will be discussed:

Defect 18 (RTDB) -- History Page (Show ID show keyed txn): Complete coding, pending migration for testing. – This enhancement is to display the user id of the person who made a change to a student account. This will display in the history page.

Defect 6492 -- 'NA' transaction for E1 and E2 On-Hold students: in Testing
Schools will be able to move students to a NA status.

Defect 6460 - 'LA','IP','NS' and 'NP' adj_rsn NOT \$0: in Testing
The \$0 was not displaying causing confusion. Screen now will display \$0 instead of null.

Defect 6473 - HSGD(High School Grad. Date) Reset On-Hold Status for CSAC Staff: just migrated into Production

Defect 6521 - HSGD(High School Grad. Date) Date Format: just migrated into Production
Ensuring the date format has edits.

Defect 6535 - 'OF' adj_rsn NOT Returning Eligibility to students: currently working on this defect

As far as changes to the Roster Data File. Here is the following proposed and accepted changes:

Following is the draft of the fields that suggested to be added to the Roster Date File at the end, we need to discuss them in today's meeting.

Field Description Values	Length	Mode	Position	Default /VaLid
CSAC ID 9999999999	9	A/N	418-426	000101001 -

GPA Type	1	A/N	430-430	T,H,4,R,C
ISIR Number Awarded	2	A/N	431-432	1 - 99
<i>AB Program Eligible Flag for A, eligible for A, No C)</i>	2	A/N	433-434	<i>AA (awarded</i>
<i>B, eligible for B, No C)</i>				<i>BB (awarded for</i>
<i>A, eligible for B, No C)</i>				<i>AB (awarded for</i>
<i>B, eligible for A, No C)</i>				<i>BA (awarded for</i>
<i>eligible for C)</i>				<i>BCC(awarded for</i>
<i>B,</i>				
Filler	47	A/N	433-480	Blank

The following fields will display the information used to award the student:

- a. GPA Score –used for the award offer.
- b. GPA Type –used for the award offer.
- c. ISIR number –used for the award offer

This way the school knows what information CSAC used to select the student for the award.

The members agreed that they wanted A, B And C eligibility to display. For Universities, the Roster Data File will show A, B and Null (Competitive is not valid) .

Once all defects/enhancements has passed testing they will be implemented. Bryan will send out a notice informing schools of any and all changes as we implement changes.

Debi suggested that schools code their systems to ignore any data after filed 417 on the Roster Data File to prevent issues with their systems. CSAC will still notify schools of all changes prior to implementing.

This meeting was to provide a status on all changes and keep schools informed of the up coming changes. If schools identify and issues in the future, they need to write or call CSAC immediately.

Tasks:	Helen will work on Roster changes.
