Eligibility and receipt of additional funding will be contingent upon funds being available. In the aggregate, the total amount a student may receive can not exceed the maximum amount of program eligibility as a result of accelerating his or her progress to a degree by attending summer terms, sessions, or quarters.
- (i) If the program participant is eligible for payment at the time of disbursement, but drops units applicable to the payment received for a term, the program participant remains eligible for the entire payment, unless a refund is due based on the school's refund policy. If a refund is due, schools are responsible for repaying the Commission and reporting an adjusted payment transaction.
- (j) If the program participant's tuition charges are reduced due to a drop in units, the qualifying institution shall submit an adjusted cost of attendance. The program participants remaining need will be re-determined and the award adjusted accordingly.
