**Question for Tables:  
W-48, U-48, and M-48**

What are your **monthly average** expenses for transportation to and from classes and work (e.g., bus fare, train fare, gasoline, tolls, parking, etc.)? If your campus includes transportation costs in your fees, do **NOT** include them here. Do **NOT** include car payments, repairs, insurance, or registration.

## Questions for Tables:

**W-49, U-49, and M-49 (Travel Within California)**

**W-50, U-50, and M-50 (Travel Outside of California)**

What are your expenses for transportation **to and from your parent(s)'** residence(s) for this academic year (e.g., bus fare, train fare, gasoline, tolls, parking, etc.)? *If your campus includes transportation costs in your fees, do **NOT** include them here. Do **NOT** include car payments, repairs, insurance, or registration.*

**QUESTION FOR TABLES:  
W-57, U-57, and M-57 (Equipment Expenses)**

Some courses of study require a one-time purchase of special equipment (i.e. safety equipment, lab kits, cosmetology kits, uniforms, etc.) prior to the first class. If you are enrolled in an occupational, technical, or vocational education program, please report any one-time purchase you made between July 1, 2000 and June 30, 2001. Do NOT include the purchase of a personal computer or computer software. Do not include any expenses already reported in questions 46 and 47.

# STUDENT EXPENSES AND RESOURCES SURVEY

## 2000-01 ACADEMIC YEAR

Dear Community College Student:

Your college and the California Student Aid Commission conduct a Student Expenses and Resources Survey every three years to determine the actual costs associated with obtaining a postsecondary education in California. Data provided by students in prior years have been used to provide the Legislature with an accurate picture of the cost of attending college in California, which has enabled them to make informed decisions about student financial aid policy. The Legislature and the Governor have demonstrated their commitment to financing higher education by adding nearly 37,000 new Cal Grant awards over the last three years.

You have been randomly selected from a sample of students to take part in this study. Because the selection process was designed to obtain a representative cross-section of all students, no one can substitute for you. **Your answers are vital to this project** and your help is very much appreciated.

- It is critical that you respond *regardless* of whether or not you are receiving any student financial aid.
- The responses you provide will in no way affect any student financial aid you may be receiving.
- Your responses to these questions are confidential and will not be individually identifiable.

As a token of our appreciation, every student who returns a completed questionnaire will have a chance to win a **GRAND PRIZE OF \$500, a SECOND PRIZE of \$300, a THIRD PRIZE of \$200 or one of TEN \$100 RUNNER-UP PRIZES**. A random drawing of returned questionnaires will be held after the survey is completed sometime in April and winners will be notified soon afterward. Please do not remove your name and address from the questionnaire or we will be unable to include you in the drawing.

Thank you for your help with this important project.

Sincerely,

Wally Boeck  
Executive Director  
California Student Aid Commission

### INSTRUCTIONS:

- Please answer **every** question unless otherwise indicated. If you're not sure of an answer, **give us your best estimate**. If you wish, write in explanatory notes. There are six sections on this questionnaire and it should take about thirty minutes to complete.
- Please read and follow carefully all directions. Indicate your answer to each question by marking the appropriate circle **or** by entering the information as requested. Mark only one circle per question, *unless* otherwise indicated.
- Please return your completed questionnaire with the mailing label intact. The mailing label will be used to select the winners of the random drawing and will also help us identify non-respondents who will receive a follow-up phone call.
- When you have completed the questionnaire, **fold and seal** it so that the return address shows on the outside, and mail it **as soon as possible**.
- If you need any assistance in filling out the survey, you may contact us via e-mail at SEARS@CSAC.CA.GOV. Please provide your name, phone number, a time when we can reach you, and the type of assistance you require. We will contact you as soon as possible.

*Thank you on behalf of all California Community College students.*

## Section I: Demographic Information

In this section we ask about your background and current experience at college. The questions may seem personal, but we have to ask them in order to use the rest of the information effectively. Everything on this survey is held *in strict confidence* and is used for research purposes. Only aggregated data from all respondents will be compiled. *No information about individual respondents will be used for reporting purposes.*

# STUDENT EXPENSES AND RESOURCES SURVEY

## 2000-2001 ACADEMIC YEAR

Dear Student:

The University of California and the California Student Aid Commission need your help. You have been randomly selected to participate in a University survey about how students finance their college education. The University is conducting this survey because, in this era of limited educational funding, we need to understand how students actually deal with the costs of attending the University. We also want to know what your opinions are about the University.

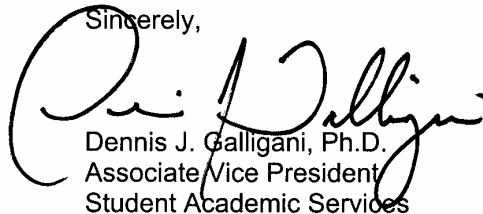

As a token of our appreciation, each person who returns a completed questionnaire will be eligible to win a **GRAND PRIZE OF \$1,000 OR ONE OF TWO \$500 RUNNER-UP PRIZES**. The deadline for returning the survey is March 16<sup>th</sup>.

A random drawing of returned questionnaires will be held after the survey is completed sometime in April. Winners will be notified soon afterward. The last survey winners were from Berkeley, Irvine and Santa Barbara campuses. Please do not remove your name and address from the questionnaire, as they will be used for the random drawing and for notification of prizewinners.

I guarantee that the information you provide will be treated with absolute confidentiality. The results of this survey will be used strictly for research purposes. Only aggregated data from all respondents will be compiled. No information about individual respondents will be used for reporting. Furthermore, your response will not affect, in any way, your eligibility to win a prize. For your convenience, we have designed the questionnaire so that you can send it back to us by simply reversing the fold and sealing the ends.

You have been selected to represent hundreds of UC students. You cannot be replaced! Your cooperation is vital and very much appreciated.

Sincerely,

Dennis J. Galligani, Ph.D.  
Associate Vice President  
Student Academic Services

### INSTRUCTIONS:

- Please answer **every** question unless otherwise indicated. If you are not sure of an answer, **give us your best estimate**. If you wish, write in explanatory notes. It should take about forty minutes to complete this survey.
- Please read and follow carefully all directions. Indicate your answer to each question by marking the appropriate circle **or** by entering the information as requested, such as the distance you live from school. Mark only one circle per question, *unless* otherwise indicated.
- Please return your completed questionnaire with the mailing label intact. The mailing label is primarily used to help us identify non-respondents who will receive a follow-up phone call or second questionnaire, but it also contains the identification number that will be used in the random drawing that will determine who wins a prize.
- When you have completed the questionnaire, **fold and seal** it so that the return address shows on the outside, and mail it **as soon as possible**.
- If you need any assistance in filling out the survey, you may contact us via e-mail at SEARS@CSAC.CA.GOV. Please provide your name, phone number, a time when we can reach you, and the type of assistance you require. We will contact you as soon as possible.

*Thank you on behalf of all University of California students.*

## Section I: Demographic Information

In this section we ask about your background and current experience at college. The questions may seem personal, but we have to ask them in order to use the rest of the information effectively. # STUDENT EXPENSES AND RESOURCES SURVEY

## 2000-01 ACADEMIC YEAR

Dear California State University Student:

Your university and the California Student Aid Commission conduct a Student Expenses and Resources Survey every three years to determine the actual costs associated with obtaining a postsecondary education in California.

Data provided by students in prior years have been used to provide the Legislature with an accurate picture of the cost of attending college in California, which has enabled them to make informed decisions about student financial aid policy. The Legislature and the Governor have demonstrated their commitment to financing higher education by adding nearly 37,000 new Cal Grant awards over the last three years.

You have been randomly selected from a sample of students to take part in this study. Because the selection process was designed to obtain a representative cross-section of all students, no one can substitute for you.

**Your answers are vital to this project** and your help is very much appreciated.

- It is critical that you respond *regardless* of whether or not you are receiving any student financial aid.
- The responses you provide will in no way affect any student financial aid you may be receiving.
- Your responses to these questions are confidential and will not be individually identifiable.

Please complete the questionnaire and mail it **as soon as possible**. No postage is necessary.

Thank you for your help with this important project.

Sincerely,

Wally Boeck  
Executive Director  
California Student Aid Commission

### INSTRUCTIONS:

- Please answer **every** question unless otherwise indicated. If you're not sure of an answer, **give us your best estimate**. If you wish, write in explanatory notes. It should take about forty minutes to complete this survey.
- Please read and carefully follow all instructions. Indicate your answer to each question by marking the appropriate circle **or** by entering the information as requested, such as the distance you live from school. Mark only one circle per question, *unless* otherwise indicated.
- Please return your completed questionnaire with the mailing label intact. The sole purpose of the mailing label is to help us identify who has already responded to the survey.
- When you have completed the questionnaire, **fold and seal** it so that the return address shows on the outside, and mail it **as soon as possible**. No postage is necessary.
- If you need any assistance in filling out the survey, you may contact us via e-mail at SEARS@CSAC.CA.GOV. Please provide your name, phone number, a time when we can reach you, and the type of assistance you require. We will contact you as soon as possible.

*Thank you on behalf of all California State University students.*

## Section I: Demographic Information

In this section we ask about your background and current experience at college. The questions may seem personal, but we have to ask them in order to use the rest of the information effectively. Everything on this questionnaire is held *in strict confidence* and is used for research purposes. Only aggregated data from all respondents will be compiled. *No information about individual respondents will be used for reporting purposes.*

## Section VI: Student Opinions

This last section is used to gather your opinions on issues that the State University system is studying and to allow for any additional comments that you may have.

57. If you are enrolled in one of the following California Commission on Teaching Credentialing (CTC) approved credential programs, please fill in the appropriate circle:

0  Single Subject

1  Multiple Subject

2  Special Education

58. Year-round operations would enable you to enroll term after term without taking a summer break. Attending school in this manner could allow you to complete your degree or credential program up to one year earlier than traditional operations. If financial aid policies can be adjusted to accommodate year-round attendance, would you be interested in enrolling year-round?

0  Yes

1  No

**59a.** Please think back to the last time you applied for admission to this school. At the time you were applying, which type of educational institution did you **really want to attend**?

- 0  The California State University campus I am now attending.
- 1  A different California State University campus.
- 2  A University of California campus.
- 3  A private or independent college or university in California.
- 4  A California Community College.
- 5  A private trade, business, or vocational school in California.
- 6  An out-of-state college or university.

**b.** If you are **NOT** currently attending the college you really wanted to attend, what is the single most important reason?

- 0  I was denied admission.
- 1  I could not afford to attend.
- 2  I could not get the classes, courses or programs that I wanted.
- 3  I received late notification of admission or housing.
- 4  The college was too far away or too close to home.
- 5  I did not receive any personal attention or interest from the college.
- 6  The classes conflicted with my work schedule.

# STUDENT EXPENSES AND RESOURCES SURVEY

## 2000-01 ACADEMIC YEAR

Dear Independent College Student:

Your college or university and the California Student Aid Commission conduct a Student Expenses and Resources Survey every three years to determine the actual costs associated with obtaining a postsecondary education in California. Data provided by students in prior years have been used to provide the Legislature with an accurate picture of the cost of attending college in California, which has enabled them to make informed decisions about student financial aid policy. The Legislature and the Governor have demonstrated their commitment to financing higher education by adding nearly 37,000 new Cal Grant awards over the last three years.

You have been randomly selected from a sample of students to take part in this study. Because the selection process was designed to obtain a representative cross-section of all students, no one can substitute for you. **Your answers are vital to this project** and your help is very much appreciated.

- It is critical that you respond *regardless* of whether or not you are receiving any student financial aid.
- The responses you provide will in no way affect any student financial aid you may be receiving.
- Your responses to these questions are confidential and will not be individually identifiable.

Please complete the questionnaire and mail it **as soon as possible**. No postage is necessary.

Thank you for your help with this important project.

Sincerely,

Jonathan Brown  
President  
Association of Independent California  
Colleges and Universities

### INSTRUCTIONS:

- Please answer **every** question unless otherwise indicated. If you're not sure of an answer, **give us your best estimate**. If you wish, write in explanatory notes. It should take about forty minutes to complete this survey.
- Please read and carefully follow all instructions. Indicate your answer to each question by filling in the appropriate circle **or** by entering the information as requested. Mark only one circle per question, *unless* otherwise indicated.
- Please return your completed questionnaire with the mailing label intact. The sole purpose of the mailing label is to help us identify who has responded to the survey.
- When you have completed the questionnaire, **fold and seal** it so that the return address shows on the outside, and mail it **as soon as possible**.
- If you need any assistance in filling out the survey, you may contact us via e-mail at SEARS@CSAC.CA.GOV. Please provide your name, phone number, a time when we can reach you, and the type of assistance you require. We will contact you as soon as possible.

*Thank you on behalf of all independent college students.*

## Section I: Demographic Information

In this section we ask about your background and current experience at college. The questions may seem personal, but we have to ask them in order to use the rest of the information effectively. Everything on this questionnaire is held *in strict confidence* and is used only for research purposes. Only aggregated data from all respondents will be compiled. *No information about individual respondents will be used for reporting purposes.*

## STUDENT EXPENSES AND RESOURCES SURVEY

### 2000-01 ACADEMIC YEAR

Dear Student:

The California Student Aid Commission conducts a Student Expenses and Resources Survey every three years to determine the actual costs associated with obtaining a postsecondary education in California. Data provided by students in prior years have been used to provide the Legislature with an accurate picture of the cost of attending college in California, which has enabled them to make informed decisions about student financial aid policy. The Legislature and the Governor have demonstrated their commitment to financing higher education by adding nearly 37,000 new Cal Grant awards over the last three years.

Your school has selected your class to take part in this study. Because it is important to understand the costs associated with a wide variety of programs, **your answers are vital to this project** and your help is very much appreciated.

- It is critical that you respond *regardless* of whether or not you are receiving any student financial aid.
- The responses you provide will in no way affect any student financial aid you may be receiving.
- Your responses to these questions are confidential and will not be individually identifiable.

Thank you for your help with this important project.

Sincerely,

Wally Boeck  
Executive Director  
California Student Aid Commission

#### INSTRUCTIONS:

- We are interested in your educational experiences between **July 1, 2000 and June 30, 2001**. Please keep this twelve-month period in mind as you work through the survey.
- Please answer **every** question unless otherwise indicated. If you're not sure of an answer, **give us your best estimate**. If you wish, write in explanatory notes. It should take about thirty minutes to complete this survey.
- Please read and carefully follow all instructions. Indicate your answer to each question by marking the appropriate circle **or** by entering the information as requested. Mark only one circle per question, *unless* otherwise indicated.
- When you have completed the questionnaire, **return it to your school**. The school will forward all surveys directly to the California Student Aid Commission.

*Thank you on behalf of all private career college students.*

## Section VI: Student Opinions

This last section provides us with information regarding your satisfaction with the education and services you receive.

62a. Please think back to the last time you applied for admission to this school. At the time you were applying, which type of educational institution did you **really want to attend**?

- 0  The campus I am now attending. (Do **NOT** answer part b)
- 1  A different private trade, business, or vocational school in California.
- 2  A University of California campus.
- 3  A California State University campus.
- 4  A California Community College.
- 5  A private or independent college or university in California.
- 6  An out-of-state college or university.

b. If you are **NOT** currently attending the college you really wanted to attend, what is the *single most important* reason? Please choose *only one*.

- 0  I was denied admission.
- 1  I could not afford to attend.
- 2  I could not get the classes, courses or programs that I wanted.
- 3  I received late notification of admission or housing.
- 4  The college was too far away or too close to home.
- 5  I did not receive any personal attention or interest from the college.
- 6  The classes conflicted with my work schedule.
- 7  Other (please specify): \_\_\_\_\_
