Legislative Report Requirement
Section 8 of Senate Bill 1644 (Chapter 403, Statutes of 2000)
INTRODUCTION

Section 8 of Senate Bill 1644 (Chapter 403, Statutes of 2000) requires that the California Student Aid Commission (Commission) annually report to the Legislature and Governor on the number of Cal Grant applicants and new and continuing recipients each year. The data shall include at a minimum the following recipient information: educational level, grade point average, and segment of attendance.

The Commission is the state’s principal provider of intersegmental statewide grant aid to postsecondary students. Founded in 1955 as the California State Scholarship Commission, the Commission’s primary programmatic responsibilities include administration of the Cal Grant Program, the Chafee Grant Program and several targeted state scholarship and loan assumption programs. The Commission administers financial aid awareness and outreach programs, such as Cal-SOAP and Cash for College, in collaboration with business, private industry, and community-based organizations.

The Commission consists of 15 appointed members. Eleven members are appointed by the Governor and represent segments of the State’s higher education community, postsecondary education students, and the general public. In addition, the Speaker of the Assembly and the Senate Rules Committee each appoint two Commission members as representatives of the general public.

In its policy decision-making, the Commission receives advice and recommendations from its staff and from ad hoc committees comprised of individuals that represent colleges and universities, secondary schools, student groups, the business community, lending institutions, and various levels of government. The Commission’s strong tradition of public participation stems from its commitment to continuous improvement and responsiveness in the development and delivery of its financial aid programs and services.

With the transfer of the state’s federal student loan program to Educational Credit Management Corporation (ECMC), the Commission has benefited from a public-private partnership with ECMC. ECMC is providing services to the Commission and has provided over $345 million to the Cal Grant Program and $1 million to the Cash for College scholarship program.

BACKGROUND

On September 11, 2000, Senate Bill 1644 (Chapter 403, Statutes of 2000), also known as the Ortiz-Pacheco-Poochigian-Vasconcellos Cal Grant Program, was signed into law. This historic bill changed the Cal Grant Program, which previously consisted of Cal Grant A awards, Cal Grant B awards, Cal Grant C awards, and Cal Grant T awards. The Cal Grant Program currently consists of the following components: High School Entitlement Cal Grant A and B awards, California Community College Transfer Entitlement Cal Grant A and B awards, Competitive Cal Grant A and B awards, and the existing Cal Grant C award.

Schools or postsecondary institutions seeking to participate in the Cal Grant Program must meet various statutory eligibility requirements. Since 2011-12, an additional requirement for institutional eligibility was implemented which required schools to meet a federal student loan three-year Cohort Default Rate threshold. Beginning in 2012-13, a second requirement for institutional eligibility was implemented which required schools to meet a graduation rate
threshold. Eligible Cal Grant schools received Cal Grant funds for new and renewal Cal Grant recipients. Ineligible Cal Grant schools received Cal Grant funds only for renewal Cal Grant recipients who attended the same school prior to the school becoming ineligible and who continued at the school in 2012-13. However, the maximum Cal Grant award was reduced by 20 percent.

Renewing Cal Grant recipients must meet various statutory eligibility requirements in order to continue in the Cal Grant Program. Since 2011-12, California law redefined the way that a renewing recipient’s financial need would be determined. Renewing recipients had to meet Income and Asset Ceilings and minimum need criteria to satisfy the financial need requirement.

Cal Grant A awards provide for full systemwide fees at the California State University and the University of California, as well as tuition support at eligible independent California colleges and universities and private career colleges to qualified low- and middle-income students. Cal Grant B awards provide funds to qualified low-income disadvantaged students. For first-year students, Cal Grant B awards provide up to $1,473 for books and living expenses. Beginning with the recipient’s second year of attendance, the Cal Grant B award also helps pay for tuition and fees at eligible Cal Grant schools. For new and renewal recipients at the California State University, the 2012-13 systemwide fee was $5,472. At the University of California, the 2012-13 systemwide fee was $12,192. For new and renewal recipients at eligible independent California colleges and universities and private career colleges, both the Cal Grant A and B awards provided up to a maximum tuition and fee grant of $9,223. Renewal recipients at ineligible independent California colleges and universities and private career colleges received up to 80 percent of the maximum tuition and fee grant of $9,223.

APPLICATION PROCESS

Applicants must meet multiple criteria to qualify. Submitting both the Free Application for Federal Student Aid (FAFSA) and the Cal Grant Grade Point Average (GPA) Verification Form by the statutory deadlines is the first step for students to be considered for a Cal Grant award. Over the 1,312,400 students who were successful in completing this first step in the 2012-13 award year, over 827,100, or 63 percent, did not meet the financial and basic eligibility criteria. The basic eligibility criteria that students failed to meet include not being a California resident, not listing a California college or university seeking to participate in the Cal Grant Program on the FAFSA, and having already graduated with a bachelor’s degree.

In addition to meeting financial and basic eligibility criteria, there are academic and other requirements specific to each component as indicated below.

High School Entitlement Cal Grant A and B Awards

The 2012-13 new High School Entitlement Cal Grant A and B awards were guaranteed to students who graduated from high school in 2010-11 or 2011-12. The High School Entitlement Cal Grant A and B awards required a minimum 3.0 and 2.0 GPA, respectively.

Beginning with the 2008-09 award year, new High School Entitlement Cal Grant recipients were required to provide confirmation of high school graduation prior to the Commission disbursing any Cal Grant funds.
California Community College Transfer Entitlement Cal Grant A and B Awards

The 2012-13 new California Community College Transfer Entitlement (Transfer Entitlement) Cal Grant A and B awards were guaranteed to every student who graduated from a California high school or its equivalent after June 30, 2000, was a California resident at the time of high school graduation, transferred to a qualifying baccalaureate-degree granting institution from a California Community College during the award year, was under the age of 28 at the time of the transfer, and had a minimum California Community College GPA of 2.4.

Beginning with the 2006-07 award year, new Transfer Entitlement Cal Grant recipients were required to provide confirmation of meeting the above eligibility requirements prior to the Commission disbursing any Cal Grant funds. Also, 10 percent of the new and renewal awards were randomly selected for campus-level verification that the recipients met the eligibility requirements prior to the Commission disbursing any Cal Grant funds.

Competitive Cal Grant A and B Awards

The 2012-13 new Competitive Cal Grant A and B awards were available to California students who did not receive a new High School or Transfer Entitlement Cal Grant award. The Competitive Cal Grant A awards required a minimum 3.0 high school GPA or a minimum 2.4 college GPA. The Competitive Cal Grant B awards required a minimum 2.0 high school or college GPA. Qualifying applicants competed for the 22,500 Competitive Cal Grant A and B awards. Fifty percent of these awards were available to all applicants who met the eligibility criteria and applied by the March 2nd application deadline. The remaining fifty percent were reserved for students who enrolled at a California Community College and applied by the September 2nd application deadline.

Cal Grant C Awards

The 2012-13 new Cal Grant C awards were available to low- and middle-income students receiving occupational or technical training in a course that was at least four months long. Qualifying applicants who completed and returned a Cal Grant C Supplement competed for 7,761 Cal Grant C awards. For new and renewal recipients, the tuition and fee award was up to $2,462 and the allowance for training-related costs (such as: books, tools and equipment) was $547.

ELIGIBLE APPLICANTS AND RECIPIENTS

In the 2012-13 award year, of the approximately 1,312,400 students who applied for a new Cal Grant, over 485,200, or 37 percent, qualified for a Cal Grant award. Of the over 485,200 qualified applicants, nearly 190,300 were offered a Cal Grant award.

The following tables summarize the 2012-13 new and continuing Cal Grant recipients. These recipients may have attended an eligible or ineligible Cal Grant school. These statistics do not reflect the actual number of recipients who ultimately used their Cal Grant (received payment) to attend college.

Note: This report as well as other reports produced by the Commission can be viewed on the Commission’s Website at www.csac.ca.gov.
ACRONYMS

These acronyms are used in the following tables:

CCC California Community Colleges
CSU California State University
ICU Independent Colleges and Universities
PCC Private Career Colleges
UC University of California

NOTES

TABLE 3 Although new September Competitive Cal Grant awards are offered to students enrolled at a California Community College meeting the September 2\textsuperscript{nd} deadline, the data reflects recipients who subsequently transfer from the community colleges to tuition-charging institutions.

TABLE 5 Cal Grant C applicants are not required to submit a GPA.

TABLE 6 The educational level is the self-reported grade level the student indicates on the Free Application for Federal Student Aid.

TABLE 12 The Average GPA for Cal Grant C and All Components is an average of the reported GPAs.
