SUBJECT: **Final Reminder: GPA Submission for the class of 2019**

---

This Operations Memo from the California Student Aid Commission (Commission) provides an update to [GOM 2018-29](#) regarding the electronic submission of Non-SSN Grade Point Averages (GPA) for the class of 2019.

- As of September 26, 2018, the Commission has received **36.5%** of the estimated total expected GPAs for the class of 2019. The Commission appreciates those schools who have already submitted their students' GPAs.
  - Schools are also encouraged to upload GPAs for students that graduated in 2018, as this may help them qualify for a Cal Grant if they did not qualify the previous award year.
- The Commission will continue to assist high schools and school districts with their GPA submission process as well as with obtaining or renewing their WebGrants access throughout the month of October.
- GPAs are required for students to receive Cal Grant award consideration. Commission staff anticipates sending Cal Grant award notifications to students in early November 2018. Early notification of their Cal Grant award eligibility helps students in their college planning and admission process.
- For further assistance with the GPA upload process, visit our [Live Webinars](#) page to register for one of our upcoming webinars. Individual assistance by phone and e-mail is also available.
