### Smart Fit Girls

**Long Beach, CA**

Smart Fit Girls is a program that teaches adolescent girls how to love their bodies by embracing their own strength. During our program, girls participate in exciting activities aimed at improving their self-esteem and body image, and are introduced to resistance training exercises in a fun, group environment.

The mission of Smart Fit Girls is to empower middle school girls to support one another and themselves in their pursuit of strength, both in body and mind. We do this using an evidence based program that involves lessons designed to foster self-love and activities that show the girls what they can do when their bodies are strong. We envision a world where girls love all of who they are (inside and out) because we know that all girls are inherently strong, worthy and capable of greatness.
