**SUBJECT:** Middle Class Scholarship - Update

---

This memorandum provides information on the Middle Class Scholarship (MCS) award processing and notification. As noted in Cal Grant Special Alert (GSA) [GSA 2014-23](#) dated July 31, 2014, the submission of MCS enrollment data to the California Student Aid Commission (Commission) was completed on September 2, 2014. The Commission is currently in the process of reviewing the submitted data in preparation for completing the MCS award process and notifying eligible students of their MCS award.

### **Eligibility Determination**

The MCS provides a scholarship for new and continuing undergraduate students with family incomes up to \$150,000 attending the University of California (UC) or the California State University (CSU) who are not already receiving federal, state or institutional grants that exceed 40% of the charged mandatory system-wide tuition/fee amount. For a detailed description of student eligibility and an example of an award calculation, please refer to [GSA 2014-23](#).

### **Award Notifications**

Students attending a UC or CSU campus that are determined to be eligible to receive an MCS award will be notified on Monday, September 15, 2014. Students will receive an email notification instructing them to log in to their WebGrants for Students (WGS) account. Once they have logged in to WGS, they'll be able to retrieve their Middle Class Scholarship California Aid Report (MCSCAR). The MCSCAR will provide the following information for each student: first and last name, address, CSAC ID number, 2014-15 MCS award amount, and school of attendance. Instructions are provided to the student on the MCSCAR as to who they should contact should any of the information appear to be incorrect, such as school of attendance. A copy of the MCSCAR is attached to this memo.

### **WebGrants for Students Access**

Beginning Monday, September 15, 2014 students will also be able to access their award information on WGS through the home page.
