Pursuant to the authority vested by section 69433.7 of the Education Code, the proposed regulations implement, interpret and make specific sections 69432.7, 69432.9, 69433, 69433.6,

69434, 69435, 69435.3, 69437.5, and 69439 of the Education Code. , the Commission is considering changes to Division 4 of Title 5 of the California Code of Regulations as follows:

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Existing law establishes the Ortiz-Pacheco-Poochigian-Vasconcellos Cal Grant Program as a state educational opportunity grant program for postsecondary study. The program establishes Cal Grant A and Cal Grant B Entitlement Awards, Competitive Cal Grant A and B Awards, California Community College Transfer Entitlement Awards, Cal Grant C Awards, and Cal Grant T Awards, under the administration of the Student Aid Commission. (Education Code § 69430, 69432.)

On March 24, 2011, Senate Bill 70 (Chapter 7, Statutes of 2011) (hereinafter "SB 70") was chaptered into California law amending sections 69432.7, 69432.9, and 69433.6 of the Education Code and adding new section 69433.2 to the Education Code. Among the changes made by SB 70, were new institutional reporting requirements requiring that Cal Grant participating institutions, as a condition for their voluntary participation in the Cal Grant program, report to the Commission certain information relating to their programs.

The regulations proposed in this rulemaking action clarifies and makes specific the requirements for Cal Grant qualifying institutions to report to the Commission enrollment, persistence, and graduation data for all students, including aggregate information on Cal Grant recipients, in addition to the job placement rate and salary and wage information for students who have graduated from the institution.

BENEFITS TO THE WELFARE OF CALIFORNIA RESIDENTS

Helping students make good choices about higher education is critical to their success, not only as scholars but as the State's future workforce. Students and their parents need pertinent information that is easy to access, easy to understand and easy to compare. They can search for information today, but it is often difficult to locate, fragmented across different sources, and steeped in the jargon of higher education professionals.

By requiring higher education institutions to report enrollment, persistence, graduation and employment data, these regulations would allow the California Student Aid Commission to bring valuable information for students together in one spot. By using this data as the cornerstone for a new user-friendly website, CSAC can provide a model for the rest of the nation in empowering students to understand their options and select the best opportunity that supports their aspirations.

Consistency with Existing State Regulations: The Commission does not believe that the proposed regulations are inconsistent or incompatible with existing state regulations.

FEDERAL MANDATE

There are no comparable provisions of federal law related to this proposal.

OTHER STATUTORY REQUIREMENT: None

DISCLOSURES REGARDING THE PROPOSED ACTION

The Commission has made the following initial determinations:

MANDATE ON LOCAL AGENCIES AND SCHOOL DISTRICTS: None

FISCAL IMPACT ESTIMATES

This proposal does not impose costs on any local agency or school district for which reimbursement would be required pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code. This proposal does not impose other nondiscretionary cost or savings on local agencies. This proposal does not result in any cost or savings in federal funding to the state.

This proposal has potential costs for state agencies, namely the University of California (UC) and the California State University (CSU), depending upon the method selected by the UC and CSU for collecting and reporting the data required by the proposal. Under the proposal, all Cal Grant participating institutions including UC and CSU institutions have the option to submit electronically to the Commission the student unitary data necessary to satisfy the reporting requirement. If UC and/or CSU elect to collect and compile their reports without Commission assistance, it is possible that UC or CSU could incur some negligible costs. If any additional costs would need to be incurred, both UC and CSU would be able to absorb these costs within their existing budget and resources.

EFFECT ON HOUSING COSTS: None

RESULTS OF THE ECONOMIC IMPACT ANALYSIS

ASSESSMENT REGARDING EFFECT ON JOBS / BUSINESSES

The Commission has made a determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. The proposal would impose no costs upon business. The proposal does not affect small businesses as defined by California Government Code Section 11342.610. This proposal would not affect private sector or small business as defined by California Government Code Section 11342.610. The Commission has determined that this regulatory proposal will not have any impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

By requiring higher education institutions to report enrollment, persistence, graduation and employment data, these regulations would allow the California Student Aid Commission to bring valuable information for students together in one spot to benefit the welfare of California residents.

COST IMPACT ON REPRESENTATIVE PERSON OR BUSINESS

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

BUSINESS REPORT

The Commission finds that it is necessary for the welfare of the people of this state that this regulatory proposal, which requires a report, apply to businesses.

ALTERNATIVES

The Commission has consulted with stakeholders and interested parties by holding scheduled webinars, teleconferences, and meetings to develop the proposed action.

In accordance with Government code section 11346.5, subdivision (a)(13), the Commission must determine that no reasonable alternative considered by the Commission or that has been identified and brought to the attention of the Commission would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy.

The Commission invites interested persons to present statements or arguments with respect to alternatives to the proposed regulations during the hearing to be scheduled and the written comment period.
